Claims 1-49 are pending.

The information disclosure statement filed 12/2/2002 has been fully considered.

The amendments to claims 27, 28, 44 and 46 do not comply with 37 CFR 1.173(b), which sets forth the manner of making amendments in reissue applications. Specifically, the entire text of all claims added during reissue must be underlined. See 37 C.F.R. §1.173(d)(2). A supplemental paper correctly amending the reissue application is required.

Applicant is notified that any subsequent amendment to the specification and/or claims must comply with 37 CFR 1.173(b).

The oath/declaration is defective because (a) it fails to identify the foreign application on which foreign priority is being claimed by specifying the application number, country, day, month and year of its filing as required by 37 C.F.R. §1. 63(c), *and* (b) it fails to state declarant's knowledge that that willful false statements and the like are punishable by fine or imprisonment, or both under 18 U.S.C. 1001; it merely refers to U.S.C. 1001, which is not sufficient.

In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed. See MPEP 1444.

Claims 1-49 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above. Applicants traversal that such oath will be submitted when claims are indicated as being allowable is not persuasive, as allowability cannot be indicated until such oath/declaration is received.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

"Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant."

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
